

William Morehouse Scholarship Application *For Returning Applicants*

Presented by:
*The New York State Builders Association
Research and Education Foundation (NYSBA REF)*

As a member of the New York State Builders Association (NYSBA), William (Bill) Morehouse has provided members with insurance coverage for more than thirty- five years. Bill served as Executive Officer of the Home Builders Association of Mohawk Valley for 30 years, along with providing complimentary office space for ten of those years. Bill's generosity and ingenuity helped to initiate the NYSBA Research and Education Foundation.

As steward of an obsolete insurance trust, Bill approached NYSBA to discuss the possibility of utilizing the funds to seed an organization that would benefit the industry. As a result, a 501(c)(3) charitable organization Research and Education Foundation (REF), was formed.

A scholarship program was developed and became recognized amongst our local home builder affiliates. As a tribute to Bill's commitment to the industry, the Research & Education Foundation scholarship program was named in his honor in recognition of his relentless dedication to the industry and members, along with acknowledging his stewardship, generosity and commitment to the future leaders of the industry.

The William Morehouse Scholarship was instituted to assist students who are entering a course of study **SPECIFIC to the residential construction industry**. Its purpose is to assist students in their pursuit of a career in residential construction and to provide employers in New York State with a strong, industry-qualified workforce.
